Endowment Fund

While the accomplishments of the Women's and Children's Alliance/YWCA since 1910 are extraordinary, so are the financial challenges we face during this second century. Our financial house is in order and we continue to receive the highest ratings on our annual audits. Current income amounts and sources, however, will not allow the WCA to realize its full potential in the community. Even more important it will not guarantee long-term financial stability.

As a result, the WCA is committed to building our endowment to a level that can provide perpetual support for the operation of the WCA's programs and services. Our ability to offer safety, healing and freedom from domestic abuse and sexual assault remains at the core of our daily work.

Gifts to the WCA Endowment Fund provide donors with tax and estate planning benefits, as well as personal satisfaction in knowing that their gift contributes to creating a sustainable funding source for operations. Since reaching a fund balance of \$500,000 several years ago, the Board authorized annual distributions from the fund to be used in support of our critical services. Only the endowment's interest earnings are used to support the work, while the principal remains intact and continues to grow.

Heritage Society: Planned Giving

Donors who join the WCA's Heritage Society have found that a planned gift, creatively structured to provide tax advantages, can provide an ideal opportunity to support an organization they love at a higher level than they had thought possible.

There are many ways to give and different assets you can use. From a simple bequest to a more complex arrangement, we welcome the opportunity to assist you and your advisors in planning a contribution that suits your particular needs. Be sure to consult your financial or legal advisor as you consider your options.
